

**EN·mobil** - expand  
your possibilities

Turn your rigid  
endoscope into  
a videoendoscope

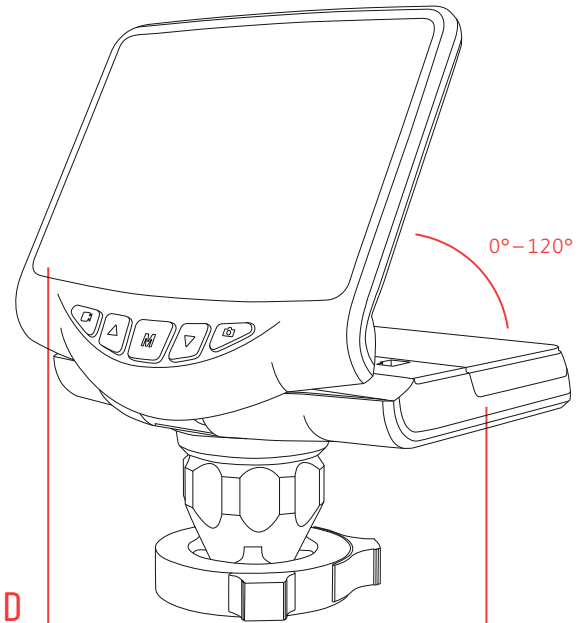

Attach and start:

# Simple handling and perfect documentation

The **EN-mobil** flexible attachment camera fits on all rigid endoscopes from common manufacturers. It is compact and intuitively easy to use. Simply attach and you can view your inspections on the screen and comprehensively document them with images and videos.

On the brilliant, high-resolution HD display, you can see even the finest details sharply and with high contrast. It can be swiveled by 120° and enables an optimal view of the screen even in narrow, angled areas.

Up to four hours of inspection time thanks to the lithium-ion battery and up to 32 GB of recording memory make **EN-mobil** a versatile, practical helper for all inspection tasks.
